The diagram illustrates the seating arrangement for a theater performance. It is divided into three main sections: 1階席 (First Floor), 2階席 (Second Floor), and 3階席 (Third Floor). The stage is located at the top of the diagram. The seating is organized into rows and columns, with each seat labeled with a number. The 1階席 section is the largest and is divided into several rows. The 2階席 section is located above the 1階席 and is also divided into rows. The 3階席 section is the smallest and is located at the top of the seating area. The diagram also shows the location of the stage, the entrance, and the wheelchair icon. The wheelchair icon is located at the bottom right of the diagram, near the 3階席 section.
